FREEMEN AROUSE!

To the Democratic Voters of La Salle, Kane and De Kalb counties.

We are upon the eve of an election in this state, of the greatest importance to the continued success of those principles. that were advocated by the immortal Jefferson, and that are indelibly recorded on the corner stone of the Temple of American freedom and independence.

We form but a small portion of the political strength of the state of Illinois, and a still smaller portion of that of the Union; but we should reflect before we act. that the great Democratic strength of this nation, owes its success on all occasions to the union of its elementary parts .-With union as the watchword,-such is the character of the mass of our citizens, that Democracy, can never be defeated.

It is not intended in this brief address, to dwell upon the long established and cternal principles of Democracy. They are understood by Democratic Freemen, and we know, that at this time, when desand their reason is drowned in Hard Civersion.

We would remind you that the Demoeratic majority in this district, two years ago, was about eleven hundred; and that the Whigs of La Salle county, one year ago, had so little hope of success, that they did not run candidates for county officers. It is as well known that a Demothis spring, and nominated Abram R. Dodge, a gentleman worthy in all respects of your support, as their candidate for the House of Representatives; and that large and respectable democratic meeting in Kane has confirmed that nomination; and also, that a Whig convention has likewise assembled and nominated L. W. Link as the Whig candidate, although his circular " to the Independent Voters, &e," might lead you to think, from its duplicity, that he would sustain the principles of both parties.

nated against the known Democratic strength of this District. How then do the Whigs expect to succeed? Only by the mis-statements, chicanery and false assertions which they have commenced to promulgate, and intend to continue until the very day of the election.

It is unnecessary to refer to the many Coffin hand-bill stories that they report and propose to publish. Suffice it to say, that they will use the most desperate means, that money and handbills with affidavits and certificates can afford.

The certificate and hand-bill party should be but another name for Hard Cider Federal Whigs. Their candidates and cause have been condemned in the use of such vile measures upon more distinguished occasions. Then let us unite and defeat them as signally this time.

It is sufficient to remind you, that if candor and honesty; they would not have promulgated them on the eve of an election, when you cannot test their truth in hearing both sides.

Having failed in dividing us in the vicinity of the canal-by villifying A. R. the acts and words of leaders of the fed-dence in his present professed political Ones, July 17, 1840.

his repeated assertions to the contrary; they are now determined to lessen his majority if they can, by acting in the remote

Let us then beware of Hard Cider Federal Whig trickery-and one and all go to the polls on Monday next, to sustain the cause, the whole cause, and nothing but the cause of Democracy. Union will ensure us a brilliant victory.
